General Information for the patient

As part of your care it is necessary to obtain laboratory test. Below is a list of the tests we obtain at your initial visit. You should discuss these tests with your provider if you have any questions. You may decline to do any of the following tests however we ask that you discuss this decision with your provider. Please let your provider or the medical assistant know of any test you are declining. If you wish to decline any test or have any questions about any test please notify your provider

Blood Type and Rh – (ABO-Rh) Antibody Screen Complete Blood Count Hepatitis B surface antigen

HIV Rubella RPR Urinalysis Urine Drug Screen

and any others your provider deems necessary.

I have read the above and understand these tests are obtained to provide my healthcare provider with an overall view of my health status pertaining to pregnancy. I will discuss any concerns with my provider. I will inform my provider if I choose to decline any or all of the testing.
